Mr. Edward Cherian, New England Development Director
Iberdrola Renewables LLC
PO Box 326
Concord, NH 03302

Dear Mr. Cherian,

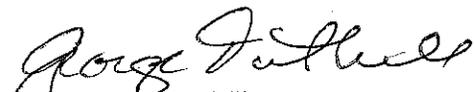

We wish to acknowledge your letter (dated November 20 but received here on December 10) and Iberdrola's proposed agreements with the Town of Alexandria. These proposals involved Payments in Lieu of Taxes (PILOTs), defrayment of initial legal expenses, and general issues related to the construction and operation of that portion of the proposed Wild Meadows Wind Farm project that would be located in the Town.

However, the Board does not feel that it would be productive at this point to take part in discussions or negotiations with you concerning these proposals. Before those can take place we will need to engage in substantial fact-finding and consultation with experts in order to understand the implications of the project for the Town, based on the specifics of the application.

Yours,

Kenneth Hall
