**ESTABLISHING A COMMUNITY BILL OF RIGHTS FOR THE PEOPLE OF ALEXANDRIA  
WHICH PROHIBITS CORPORATIONS AND GOVERNMENTS FROM ENGAGING IN  
UNSUSTAINABLE WIND RESOURCE EXTRACTION**

*Whereas*, the people of Alexandria find that unsustainable wind resource extraction violates the rights of Alexandria residents by denying us the right to achieve community sustainability; and

*Whereas*, current environmental laws allow state-chartered corporations to inflict damage on local ecosystems that cannot be reversed, violating the rights of residents to protect our community and the rights of ecosystems to exist; and

*Whereas*, the people of Alexandria possess the constitutional right to alter or abolish our current system of municipal governance if it either fails to recognize the authority of the people to self-govern or if it is rendered unable to secure the people's rights; and

*Whereas*, the current system of municipal governance fails to recognize the self-governing authority of the people of Alexandria because state and federal laws allow corporations to assert claimed "rights" to override the people's laws; because our municipal government can be preempted by state or federal legislators and agencies. and because our municipality is banned from adopting laws which have not been authorized by the state; and

*Whereas*, the operation of those legal doctrines renders the municipal government unable to protect and secure the rights of the people, including the right to live sustainably; and

*Whereas*, the people of Alexandria declare that because those current legal constructs render our current municipal system of governance powerless, we exercise our right to create a new system of municipal governance which recognizes our self-governing authority and which secures and protects our rights;

*Therefore*, We the People of Alexandria hereby adopt this Community Bill of Rights Ordinance.

**Section 1 – Definitions**
