Business

- The Selectmen reviewed recommendations from Nancy Whitman regarding preservation of the old town hall. She is working with Andrew Cushing from the NH Preservation Alliance to have the town hall included on the state historic preservation rolls which make the building eligible for LCHIP grants. There was discussion on a time line for obtaining quotes for repairs and the selectmen will discuss the project further with Mrs. Whitman.
- The Selectmen discussed with Jeff Cantara, Road Agent, and Chief Sullivan an email from resident requesting additional stop signs at the King Road/Burns Hill Road intersection. Mr. Cantara expressed concerns about vehicles getting stuck if they had to stop at the intersection when there was snow on the road. In regards to concerns about speeding in the area, Chief Sullivan said that he will do more patrols in the area to curb speeding. The Selectmen will be having the intersection surveyed to see if there is enough of a right-of-way in the intersection to make address problems with visibility.
