

Town of Alexandria
Transfer Station Siting Committee
Minutes – August 4, 2020

Meeting began at 6:38 pm

Members Present: Ken Hall, Steve Whitman(via Zoom conference), Jeff Cantara, Jennifer Dostie, Sue Hunt

BOS Members Present: Robert Piehler, George Tuthill, Chet Caron

Guests attending the meeting: Mike Provost, Ed Skrobak, Keith Bruning

- ❖ Zoom meeting with Erin Darrow, Right Angel Engineering, began at start of meeting.
 - Ms. Darrow reviewed the test pits areas that were dug to verify materials on property. She also went over areas that would be explored for potential wetlands on the property; she felt one area that was initially marked as wetlands should not be marked as wetlands.
 - There was discussion on have soil testing done prior to excavating any materials.
 - Alteration of terrain permits were discussed for both an area towards the Route 104 side of the property for the transfer station and further towards Smith River Road for gravel excavation. Concerns were expressed regarding the length of time it will take obtain permitting from the state. The Committee approved moving forward with permitting for excavation at the potential location for the transfer station.
 - There was discussions on current land clearing size needs and ensuring that we had room for future expansion.
- ❖ Site visit is scheduled for Thursday, August 6, 2020 at 9:30 am at the Gilford Recycling Center with Paige Wilson from Lakes Region Planning Commission. Ken Hall, Sue Hunt, and George Tuthill expressed interest in attending. Additional site visits will be scheduled for Bristol Transfer Station. Ms. Darrow stated that she will provide contact information for the Barnstead regional facility (BCEP Solid Waste District) to arrange a site visit.
- ❖ There was a reminder to get survey questions to Steve Whitman.

Meeting adjourned at 7:40 pm
Respectfully submitted,

Jennifer Dostie, Secretary
