  - The Selectmen discussed the status of tax map 413 lot 81 that previously had unknown ownership. Town Counsel determined the heir to the property. The owner has no interest in the property and inquired as to whether the town would be interested in purchase the lot; the Selectmen are not interested in acquiring the property. The property abuts property owned by the Society for the Protection of NH Forests; there was discussion around suggesting the owner contact SPNHF to see if they were interested in the property.
  - Paul Sirard, Road Agent, discussed the status of Thomas Road with the Selectmen. A property owner on Thomas Road would like the Class VI portion of the road to be discontinued. There was discussion on including a warrant article on the next town warrant for voting.
  - Mr. Piehler asked if there was any change in the conditions at Sye Ali Road. Mr. Sirard said that there were still concerns over where the Class VI portion of the road ends. The Selectmen expressed that doing drainage work on the Class VI portion of the road would be necessary to prevent further damage to the Class V portion of the road.
