

Scheduled 26 October 2022 ACC Mtg. Cancelled

Meeting Scheduled for October 26th had to be cancelled due to a lack of a quorum. There was an issue raised about members who attended a meeting remotely via conference call qualifying as “being present” and including them as part of the member count constituting a quorum. Our Secretary has attended remotely from CT during the summer months, as a active member functioning in the role of Secretary, for the past 4 years w/o incident.
