Monday 8:00 am to 4:00 pm
Wednesday 8:00 am to 6:00 pm

****Please arrive 15 minutes before
posted closing time****

RECYCLING, WHY DO IT?

Recycling saves you and the town money. Every 1% increase in recycling reduces our solid waste disposal cost by 1%. That's your tax \$\$!

It's good for the environment. Many landfills are reaching capacity which leaves future generations with a big problem.

It's easy! Just follow the signs at the transfer station to put materials in the proper place.

OTHER RECYCLABLES*

Did you know the transfer station can take all types of appliances? These things are known as "white metal". Plus, we can handle tires, propane tanks and electronics.

*Please note, additional fees may apply for some of the items mentioned above. See reverse side for the fee schedule.

If you have any questions, just ask a transfer station employee or volunteer.

WE ACCEPT THESE MATERIALS FOR RECYCLING

Aluminum Cans

Steel Cans

Glass

Plastic Containers

WE ALSO ACCEPT:

Batteries (no lithium)

6V & 12V Batteries

Electronics

Monitors & TVs

Tires

Metal

Construction Debris

Propane Tanks

DOs and DON'Ts

DON'T crush tin and aluminum cans.

DO crush cardboard boxes.

DO follow the directions of transfer station employees and posted signs.

DON'T remove ANYTHING from the transfer station without authorization to do so. This includes, but is not limited to, scrap metals, appliances and cans.

DO take care of your transfer station. It has to meet the needs of generations to come.

DO be tidy. Please make sure your household trash makes it into the green compactor and doesn't end up on the ground.
